AGREEMENT ON TREATY Forces Unite on Reservation.

Final Committee Action on Four-Power Pacific Pact Promised Today.

President Said to Have Approved Compromise Clause on Armed Force.

(BY A. P. NIGHT WIRE.) WASHINGTON, Feb. 24.—An agreement for final committee action tomorrow on the four-power Pacific treaty was reached by Senate leaders today after the administration forces and a group of Republican reservationists had united in support of a new compromise reservation.

The compromise was laid before the committee by Senator Brandegee, Republican, Connecticut, after a conference with President Harding, as a substitute both for the compromise suggested yesterday by Senator Lodge, who is committee chairman, and for the reservation previously presented by Senator Brandegee, which was said to have been found inadvisable to the White House. Committee members understood that the new draft would be satisfactory to Mr. Harding and expected that it would be given approval at tomorrow's meeting.

TEXT OF RESERVATION.

The text of the compromise reservation follows: "The United States understands that under the statement in the preamble or under the terms of the treaty there is no commitment to armed force, no alliance, no obligation to join in any defense. The only obligation in the draft from the Republican side of the committee is said to have come from Senators Johnson of California and Brandegee, who contended that it did not sufficiently claim any moral or legal obligation to maintain the rights of the treaty signatories and did not give to Congress the right to make all adjustments reached under the treaty provisions. Both these restrictions were dropped especially in the original Brandegee proposal.

DEMOCRATIC OBJECTION.

On the Democratic side Senator Norcross of Ohio was said to have led the fight against the reservation, moving to eliminate the alliance on the ground that it included them in a duty to defend the language of the treaty itself. His motion still was pending when the committee adjourned with unanimous agreement to vote on the treaty itself and all proposed reservations.

SENATOR'S ATTITUDE.

It was declared that the President would not have been agreeable to any reservation which would have prohibited him from entering into treaties or using military force without the sanction of Congress as provided in the Constitution.

REED, WATSON SPOUT.

Both Senators Reed and Watson included in their addresses a general attack on the Arms Conference series of treaties. Reed denounced to small George Harvey, American Ambassador at London, whose recall he demanded. Senator Watson made only a short address, in which he asked that this government should not by accepting the Arms Conference program, become an accomplice of Japan and "strain ourselves with her criminal record."

(BY A. P. NIGHT WIRE.) WASHINGTON, Feb. 24.—The coroner's jury that heard the inquest into the death of five children in the family of Ed Rhodes of Klamath today made public an official statement exonerating Mrs. Rhodes from all blame. CLERK'S SCHEME QUITE GOOD.

But Executions Are Found Out Too Soon; Misses Life of Olsen.

(EXCLUSIVE DISPATCH.) NEW YORK, Feb. 24.—Arthur E. Olsen, a 26-year-old clerk said to have stolen \$125,000 from the Metropolitan Life Insurance Company, pleaded guilty today to an indictment charging forgery in the second degree.

Asst. Dist. Atty. Wallace told Judge Rosinsky that every cent of the \$125,000, which had been placed in safe deposit vaults, had been recovered. Olsen continued to live in humble Brooklyn lodgings on his salary and worked at the office until his captivities were discovered last July. Wallace said Olsen admitted he intended to save the stolen funds until he had \$250,000 and could live for the rest of his life in luxury and ease. Olsen's counsel asked that he be allowed liberty on \$10,000 bond. Judge Rosinsky denied the request and remanded Olsen to the Tombs for sentence tomorrow.

SECOND BALLOT.

In favor: Fordney, Fear, Copley, Timberlake and Chandler. Against: Longworth, Bachrach, Treadway and Watson. Four members of the subcommittee were reported to have favored a further postponement of house legislation in the belief that in time the problem of finance would solve itself. The postponement is opposed, however, by a big majority of the committee, and also by many other members of the House. Chairman Fordney reiterated his belief that the bill should be passed at this session and other committee members expressed the same opinion.

TROUBLE SCENTED.

It became known that Representative Fear and Dickinson of Iowa and Woodruff of Michigan called on Chairman Fordney late yesterday and frankly laid before him the whole situation, placing emphasis on its political aspects. They were understood to have contended that a sales tax would cause general dissatisfaction throughout the country, would make the soldiers' bonus extremely unpopular with the people and might result in political upheavals in many normally Republican districts.

PUZZLED CANADIANS CALL ON SCIENTISTS TO SOLVE BAFFLING GHOST MYSTERY.

(BY A. P. NIGHT WIRE.) NEW YORK, Feb. 24.—Police and press having failed to solve the mystery of the haunted house of Antigonish, Nova Scotia, where now famous ghost has aroused the entire Canadian province, science has been asked to solve the mystery.

The Halifax Herald, which recently sent a reporter to Antigonish Valley, only to have a report that he was stopped by a wraith by unseen but quite substantial hands, has wired to Walter Franklin Pierce, director of the American Institute for Scientific Research, requesting that body to undertake an investigation. Dr. Pierce is reserving decision.

The "haunted house" is the old homestead of Alexander MacDonald, 100 miles as the crow flies from Halifax. In the winter Mr. MacDonald, his wife and their adopted daughter, the house, terrified by unseen things that had chased his wife to a latter, the farmer said, brided the tails of his cows and started mysterious fires in his home.

So seriously was the tale taken by the countryside that Halifax Herald and the provincial police sent representatives to stay three nights and days in the "haunted house." They turned a week ago with shaken nerves, endeavoring the story and adding to it.

Thus baffled, the Canadians have called upon American science to rout the Antigonish ghost.

Club recited all known facts in the case, even to the point of quoting the resolutions adopted by the Governor and his aides in completing the various transactions leading to the asserted loss of nearly a quarter of a million dollars of the taxpayer's money.

As to the liability of the officials mentioned and the duty of the Controller relative to bringing suit, the club's communication set forth: "You are further advised that under said decision of Ellis Stephens and the constitution and the laws of the State of California, the transaction above described, resulting in the loss to the State of \$222,149.50, is illegal and that the State officers herein before named and others named hereafter, are liable upon their official bonds, if any jointly and severally, for the said sum of \$222,149.50 loss to the State of California as a result of the carrying out of said transaction."

OFFICIAL DUTY.

"You are further advised that it is your duty under the statutes of the State of California to direct and superintend the collection of all moneys due to the State and to institute suit in its name for all official delinquencies in relation to the assessment, collection and payment of the revenue and against persons who, by agreement, have become possessed of public money or property and fail to pay over, or deliver the same and against all debtors of the State."

"The undersigned, as taxpayers of the State of California, therefore respectfully request and demand that you institute and together with the Attorney-General of the State vigorously prosecute an action in the State against the officers named hereafter and any other persons or corporations who may have participated in said illegal transaction and against the official bondsmen of any said person and the purchasers of said bonds to recover the said sum of \$222,149.50."

We call your attention to the fact that the transaction hereinbefore referred to was carried out on Feb. 28, 1920, and that suit must be filed immediately in order that it may be heard on the day of the White House.

LIFE PROCESS IS MEASURED.

Harvard Biologists Make
Unique Tests.

Study Behavior of Living
Organisms.

Plant Shows Resistance to
Electricity.

BY A. P. NIGHT WIRE.
CAMBRIDGE (Mass.) Feb. 24.—

Harvard biologists have succeeded in measuring for the first time the resistance of a living organism to electricity. The process of life and death as they appear in plants, the university announced today. It was said experiments already made may throw light on certain phenomena of injury and recovery in human beings which up to this time have not been entirely explained.

These experiments, made by Prof. W. J. V. Osterhout of the department of botany, show that it is possible to study the behavior of living organisms with the same mathematical exactness with which chemists and physicists study the behavior of inanimate matter, thus taking two of the vaguest biological concepts, life and death, and giving them quantitative values which can be expressed in figures.

The experiments have been made upon Laminaria, one of the common brown algae of the Atlantic Coast. It has been found that the resistance of this plant to a current of electricity is an excellent index to its condition of vitality. When the plant is alive, it resists the current. When dead, it does not. If the plant is injured, the electrical resistance at once decreases.

MEASURE RESISTANCE.
By measuring the exact amount of electrical resistance under various circumstances, the Harvard biologists are able to plot curves which show precisely the effects of various kinds of injuries, the extent of recovery, the number in which the plant dies.

If, for example, the plant is taken from sea water and placed in a solution of sodium chloride, it is quickly injured and, if the exposure is sufficiently prolonged, it is killed. During the whole time the electrical resistance of sodium chloride, the electrical resistance falls steadily on a definite curve until the death point is reached, after which there is no further change.

A significant discovery is that if the injury is only slight, the plant fully recovers, its electrical resistance returning to normal afterward, whereas, if the injury is sufficiently severe, the plant only partially recovers its vitality, and for the rest of its life has a diminished electrical resistance.

PREDICTS RECOVERY.
An exposure of two hours in the solution of sodium chloride will kill the plant. From an exposure of five minutes there is complete recovery. From an exposure of ten minutes there is only partial recovery. Prof. Osterhout has found it possible to predict exactly the extent of recovery from any given injury.

This investigation of fundamental life processes, it was said at the university, illustrates a method of attack which may throw some light upon the underlying mechanism of such processes and assist materially in the study and control of life phenomena. Ultimately it may be possible to predict certain aspects of the behavior of living matter, phenomena complicated as it is, in some such exact way as it is now possible to predict the course of the tides.

HARDING HAS SADDLE HORSE

Harbel, Thoroughbred Kentucky Gelding, Added to White House Animals.

BY A. P. NIGHT WIRE.
WASHINGTON, Feb. 24.—

Harbel, a thoroughbred Kentucky sorrel gelding, has become a permanent addition to the White House establishment as the favorite mount of President Harding. Harbel was formerly the property of Harry S. Firestone and first found favor in the President's eyes during the time he spent in camp with Messrs. Firestone, Ford and Edison in Maryland last summer.

which are also immensely complicated, because they depend upon many variables, such as the movement of the atmosphere and the configuration of the shores.

BRITISH OPTIMISTIC OVER TALK TODAY.

GREAT BRITAIN EXPECTS RESULTS FROM ANGLIC-FRENCH CONFAB.

BY CARL-ERICH DEWITZ.
LONDON, Feb. 24.—Great Britain expects the conversation at Boulogne tomorrow between Prime Minister Lloyd George and Premier Poincaré to be most successful.

A high British official said tonight that he was more hopeful of this conference than any other recent one.

"Both men are in a chastened mood," declared the official. "These weeks in office have sobered M. Poincaré and the Prime Minister is not so strong as he was during the Cannes setting. All the elements of an agreement are present and the outcome will be successful if the will is there. I think it is."

Both men must realize that if anything is to be done to save Europe, the initiative must be taken by France and Great Britain jointly.

Mr. Lloyd George's opinion is that the French Premier will be accompanied by one confidential secretary and an interpreter.

The British are annoyed at the recent outburst, such as Mr. Poincaré's statement, in the French press, which they feel will antagonize America and they say these attacks can be explained by France's utter ignorance of the state of public opinion in both Great Britain and America.

"It is not a case suitable to a defaulting debtor," said an official. "If France cannot pay, let her show why not instead of brusquely refusing. My opinion is that if Europe needs help, American help will not be found wanting, but if she refuses to pay her just debts, while at the same time maintaining immense armaments, she will be surprised by the strong attitude which America rightly will adopt."

WHIPPING POST FOR HUSBAND IS URGED.

PEORIA (Ill.) Feb. 24.—A whipping post in the Courthouse yard for husbands who beat their wives was recommended today by Sheriff Lewis Hines, following the arrest of Herman Parkhill, 24 years old, who admitted whipping his 13-year-old wife.

Parkhill told a judge his wife was jealous of his sister's clothes and wanted to dress like a millionaire's daughter.

The organization's appeal was based specifically on the case of James Mulrooney, an Australian, convicted with forty-one others in the I.W.W. conspiracy case at Sacramento in 1918, whose term at Leavenworth prison expired February 22. The department, it was said, refused to release him on bail pending deportation which was offered by the Civil Liberties Union and he was assigned to the Kansas City Jail. Baldwin quoted L. B. Russell, inspector in charge of deportations, to the effect that some time was likely to elapse before Mulrooney would be deported.

HARDING WILL LOOK INTO DYE INDUSTRY.

WASHINGTON, Feb. 24.—President Harding will take time to look into the investigation of the dye industry now being conducted by a Senate committee before making formal request of Germany for the revival of the patents treaty of 1909 which lapsed with the declaration of war in 1917, it was said today at the White House.

The Senate resolution approving the President's intention to revive the treaty is at the White House, it was said, but the President will not make any statement until he can look into the matter.

BISCHOFF BROTHERS, AGENTS, INDICTED.

CHICAGO, Feb. 24.—Indictments containing twelve counts against Raymond J. Bischoff, his brother, and twenty field agents, were returned by the grand jury today. The men are charged with conspiracy to defraud. The action followed the recent exposure of Bischoff's alleged get-rich-quick activities here. Bonds were set at \$10,000 for each of the Bischoff brothers, and at \$5,000 each for the field agents.

MIDWICK POLOISTS BEATEN BY DEL MONTE IN A GUMMY STRUGGLE.

ING PEDLEY A DEMON WITH UNERRING Mallet.

Mounted Northerners Rapidly Pile Up Points in Struggle Played in Drizzle.

By Ed O'Malley.

Midwick, 8; Midwick Blues, 2. My, how these invaders in the mud—they seem to be veritable Hindus in soft mud to thrive on an adobe menu. The locals were simply played at all angles of the game and hardly had a chance for the fourth chukker. Eric Pedley, formidable back rider, was the bright particular star of the day's play. He was a host unto himself both in the saddle and with the mallet. Those that braved a steady fall of rain all afternoon will reward for their venture.

CONIFREY WHIPPED BY COFFEY

Jimmy Dunning Wins Decision Over "Skeeter" George in Hollywood Ring.

By Gerald Fidge.

Frankie Conifrey, the sensation at New York boxing, proved quite a bit against Joe Coffey in the main event of the American Legion boxing at Hollywood last night. The local 122-pounder was left with ailing effect throughout the fight and in the third round shot the Gothamite through the ropes with a clip on the jaw. The result was never in doubt as Conifrey had nothing but a vicious mug.

Jimmy Dunning and "Skeeter" George engaged in a nifty exhibition of long-range fighting in the semi-main event of the evening. Dunning, a left-hander, was using his left wing overtime carried off the verdict.

Joe Coffey, a right-hander, was a bit too sloppy for the Oaklander and so Salter Williams walked off with the decision.

Young Pinks and Rialler Ashmore staged a slashing battle for four rounds and had the crowd simultaneously on its feet so terrific was the slugging. Honors were even at the bell.

Jimmy Hackley subbed for Kid Mendoza and won hands down over Ernie Rose. Fred McManus out-pointed Connie Hogan in a substitute bout. Jack Summers stopped Jimmy Britton in the second canto of the curtain raiser.

Weismuller Sets a New Swim Record

GREAT LAKES (Ill.) Feb. 24.—Johnny Weismuller of the Illinois A. C. tonight broke the world's record for the 220-yard swim, free style. His time was 2:17 4-5.

The other world's records were broken when Byrd Bauer of the Illinois A. C. won the 150-yard open backstroke race in 1:53 2-5 and Eleanor Coleman of the Milwaukee A. C. won the 100-yard central A.A.U. breaststroke championship race in 1:27.

R. GREENLEAF IN SPLENDID FORM.

NEW YORK, Feb. 24.—Ralph Greenleaf, professional pocket-billiard champion, with 100 successive billiards set a new world's record for high runs and successfully defended his title tonight by defeating Thomas Hueston, the challenger, 113 points to 15 in the final block of their 480-point match.

The total score was 450 for Greenleaf and 125 for Hueston. The previous record was 51, established by Benny Allen in 1919, in Philadelphia.

TRACK MEET CALLED OFF.

Rain Saves the Day for Occidental; Scheduled Affair With Redlands Is Postponed.

Rain may be valuable for such purposes as making the green grass grow and the colors bloom, but Coach Joe Pipal of Occidental found another use for it yesterday. Had it not been for the precipitation which made a mud puddle of the Tiger's athletic field Oxy's much-discussed cinderpath track would be in for a neat trimming at the hands of Redlands this afternoon in a meet that was to have introduced the conference season at Patterson Field.

In bed with a bad case of the flu, and Phil Buckman, Oxy's sensational sprinter, tied one of his leg muscles in a knot in practice Thursday. Cliff Argue sprained his ankle at Redlands last week, and wouldn't be capable of winning his usual string of events today, while Condit, Powers, and McCook are experimenting a bad slump in their studies.

To cap the climax, through some misunderstanding Oxy wasn't aware that the javelin throw had been added to the list of events set down for conference institutions to squabble over and not one of Pipal's men could hope to take a place without any practice.

So the Tigers escaped a defeat by a lucky slip of our matches climate, and Redlands will have to wait until the conference meet to get a whack at Oxy's cinderpath demons.

SPORT SHRAPNEL

By HARRY A. WILLIAMS.

No cleaner football ever had edified the public than that displayed by the various Indian teams which were in action some years ago. I have yet to recall a redskin warrior pulling a questionable trick on the gridiron. Something of the kind invisible to the naked eye may have happened, but slugging and kindred forbidden Queensberry stuff did not appear to be in their repertoire.

And how they could stand up under punishment without a whimper. A stiff rap in the stomach might draw a grunt from one of these bucks, but never a whine. I recall in particular the punishment meted out to the Sherman Institute eleven when they were playing a northern university here. The whites seemed to think that an Indian war was still on. Uppercuts, right swings, straight lefts and hooks were to be seen all along the line of scrimmage, and the redmen lost much blood of the same color. The Indians literally resiled to defeat under this rain of blows, but they did not reply in kind, and assimilated all the punishment offered without protest.

Some said they were "yellow" and afraid to fight back. Others said it was the highest degree of courage and sportsmanship. More likely it was a combination of discipline and native Indian stoicism.

Dr. C. L. Dixon cites to me an example of this sort of stoicism on the part of an Indian football player exhibited under different and far more trying conditions. Dr. Dixon formerly was superintendent at Carlisle, as well as the school's physician.

At that time, Bemis Pierce, later a famous guard, but then only a boy in his middle teens, had a cataract over his right eye. This growth had been caused by a blow in the eye from a whip lash when on the reservation, and, of course, greatly interfered with his ball playing. On his request that it be removed, Dr. Dixon took Pierce to an eye specialist. Without resort to an anesthetic of any kind, the specialist with a needle knife, cut the growth on the eye ball up into small shreds, and in a few weeks the cataract had dissolved, leaving the sight perfect.

"During the operation," said Dr. Dixon, "Pierce lay as still and immovable as a prone statue, and betrayed not the slightest suspicion of pain."

Some white men might duplicate this stoicism, but most of us couldn't.

Judge Landis has made rapid progress as baseball's high commissioner. In the league, Ping Bodie and Duke Kenworthy have been laid on the shelf, while Ruth and Meusel are still American Leaguers, but on the outside looking in. And their respective bank rolls appear to have passed through some sort of an executive buzz saw.

However, recalling what happened to Standard Oil, they probably regard themselves as fortunate in having escaped with their work shoes.

The Judge, who was something of a baseball idealist, probably has been considerably disillusioned since getting on the inside and venturing among the pitfalls of the great national pastime with its

POLY LOSES A MOIST AFFAIR.

Lincoln's Tracksters Win by Lopsided Score.

Stever Trims Boles in High Hurdles Unexpectedly.

Smith of Poly Steps Off a Fast Quarter Mile.

Track athletes of Lincoln and Poly are evidently too tough to allow a little thing like a young cloudburst to interfere with their pleasure, and the meet on the Riallitters oval took place as scheduled in the middle of yesterday's down-pour. The powers that be at Hollywood and La Salle took one squint at the moist weather and called off their meet at Hollywood, much to the disgust of the fans.

As expected, Lincoln started off the season with an easy victory, winning by the score of 88 to 25. The rival coaches got together and doctored up all times and distances to their taste before passing them over to the announcer, in an effort to gumfloss the general public into thinking their respective teams are the worst for miles around.

Stever seemed to be the front in high hurdles, winning first place for Lincoln over Boles, also of Lincoln, who was doped to win the event, and then lost it. In the relay, the time wasn't remarkable, but the fact that Stever kept ahead of Boles indicates that Tommy Davis's new star must be a man of parts.

Smith of Poly furnished some excitement when he uncorked a sprint on the end of the 440 that brought him in second, although Stapler of Lincoln splashed across the line first. Boles took the low hurdles, while Poly finished out two-three in the half-mile, as anticipated.

# GASOLINE ALLEY—PUZZLE: PICK OUT GLIB'S CUSTOMERS

GOLLY, THAT GLIB IS A PERSISTENT BIRD! HE'S STILL TRYING TO HOOK ME ON ONE-A-MINUTE OIL SHARES. I TOLD HIM HE WAS A CROOK AND HOBBY IN THE ALLEY WOULD HAVE ANYTHING TO DO WITH HIM.

HE DOES MAKE EXTENSIVE STATEMENTS BUT I'M NOT SURE HIS PROPOSITION IS SO BAD OF COURSE I WOULDN'T BUY ANY THOUGH.

NO, I WOULDN'T EITHER. BUT IF A FELLOW WOULD STRIKE IT RIGHT JUST ONCE ON SOME SUCH INVESTMENT HE'D BE FIXED FOR LIFE.

YES, A LOT OF THOSE OIL SCHEMES ARE MERELY SHIMDOL. BUT IF YOU GET IN ON A REAL LIVE PROPOSITION YOU STAND TO CLEAN UP BIG. I'M NOT SAYING I'D EVER INVEST IN ANYTHING OF THAT KIND MYSELF.

# THE GUMPS—DO TELL!

THEY'VE HAD LOTS OF TROUBLE—HIS OLDEST DAUGHTER RAN AWAY WITH A CLERK IN A FRYGOODS STORE—THEY'RE IN THE CITY NOW—HE'S GOOD FOR NOTHING—I UNDERSTAND SHE'S WORKING IN A DEPARTMENT STORE—AND THAT BOY OF THEIRS THAT WAS SO SMART—THEY SENT HIM AWAY TO COLLEGE—CAME HOME WITH AN EDUCATION AND A WIFE—NOW HIS FATHER HAS TO SUPPORT THE TWO OF THEM—THE SECOND SON THAT EVERYBODY THOUGHT WAS NO GOOD IS VICE PRESIDENT OF THE BANK IN TOWN NOW—YOU CAN'T TELL NOW FOR A FRED CAN JUMP FROM WHERE HE'S SITTING.

FATHERS ARE NOT GETTING ANYTHING FOR THEIR OATS AT ALL THIS YEAR—WE GOT LESS THAN \$300 FOR ALL THAT TWO HORSES COULD HULL—THE SEED COSTS MORE THAN THE CROP BRINGS—AND CORN—DON'T PAY TO PUT BEARS CROUSE BUT IN THE CORN FIELDS—CORN ISN'T WORTH IT—CAN'T AFFORD TO PUT THE OLD CLOTHES ON 'EM—WE HANG CROW HOUSES ON THE CORN STALKS TO KEEP 'EM AWAY FROM THE CORN CRIB—THEY'RE GETTING SO LAZY THEY WANT YOU TO COME OUT AND SNELL IT FOR THEM.

WE BROKE CAMP EARLY AND HEADED FOR THE HEART OF THE MAHOOGANY RANGE WHERE PICTURESQUE VALLEY IS MORE OR LESS LOCATED.

LOVELY LAKE VETO FIRST CLAIMED OUR ATTENTION AND AS WE CROSSED ITS CALM AND PELUCID WATERS WE HAD TIME FOR REFLECTIONS IF YOU GET WHAT WE MEAN.

OUR TRAIL THEN LED THROUGH CUBEB CANYON WHERE A DEER LITTLE OSTRACK DROPPED MAJESTICALLY DOWN FROM A HUNK OF ROCKS.

WE STOPPED FOR LUNCH AT THE FOOT OF MT. HOOCH, SO NAMED BY THE INDIANS BECAUSE IT IS SO HIGH AND JAGGED—THEN WE PRESSED ON.

ALMOST BEFORE WE KNEW IT WE LOOKED AROUND AND THERE WAS PICTURESQUE WHATNOT VALLEY. NOT KNOWING WHAT TO DO ABOUT IT, WE TURNED AROUND AND CAME HOME AGAIN—

GOOD-NIGHT! COMPLETE CHANGE OF PROGRAM MONDAY.

## THEDA BARA BACK.

WILL PLAY SERIES OF VAMP  
ROLES WITH HUBBY.

By Grace Klugey.  
The expected has happened:  
Theda Bara is to come back to the  
screen. And she isn't going to play  
ingenues, either, according to the  
statements included in her an-  
nouncement, but is to assume her  
rightful place as the champion  
vampire of the screen.

The pictures in which Miss Bara  
will appear will be a series of  
vampire stories to be produced and  
directed by her husband, Charles  
Brabin. However, as styles in vamp-  
ires have changed somewhat since  
Miss Bara used to put over the  
tiger-skin teasers, it is expected  
that her characterizations will  
have more of finesse and subtlety  
than the old pictures.

It was Miss Bara who made the  
screen vampire fashionable some  
five years ago, her first character-  
ization of that type being as a star  
in the Fox production of "A  
Pool There Was." That picture  
was a sensational success, and at  
once landed Miss Bara as a star of  
the highest calenderpiece. She  
came at that time from the ranks  
of the extras.

Mr. Brabin has severed his con-  
nection with Fox, and will produce  
on his own. Fox has just begun  
work on a revival of "A Pool There  
Was" with Estelle Taylor in the  
role formerly played by Miss Bara.

At the meeting of January 19,  
last, the bid of Mr. Sandison, who  
is an insurance broker in the Los  
Angeles Harbor district, was ac-  
cepted by the Harbor Board, legal  
in favor of accepting the bid. At  
yesterday's meeting Mr. McKee  
endeavored to change his vote to  
draw your face, just as it looks  
to him, at any minute.

The young artist is none other  
than Nazario Agis, who is here  
making a large album of car-  
toons of picture stars to be pub-  
lished by a Paganini firm. He  
expects to complete the album in  
six months. To date, Mr. Agis  
has made cartoons of Douglas  
Fairbanks, Charlie Chaplin, Max  
Linder, Jackie Coogan, and to show  
that he is right up to the minute,  
Bull Montana.

House That Jack Built.  
Chester Franklin isn't going  
homeless any longer, if he can  
help it. Just to show his heart  
is in the right place when it comes  
to the domestic stuff, Mr. Frank-  
lin is building a handsome home at  
Hollywood Mountains Park.

Assisting him in building and  
designing is no less a versatile  
genius than Jack Donovan. Mr.  
Donovan is playing the juvenile  
lead, the role of Lieut. Commander  
Gordon, in Allen Holubar's latest  
production, "The Soul Seeker." In  
between scenes in which he bosses  
the "cops" on his detective crowd,  
and fights with the heavy, Wal-  
lace Berry, Donovan is busy build-  
ing houses.

Selznick Soon.  
The transfer of the Lewis J.  
Selznick productions unit in the  
United States to United Artists, ac-  
cording to a telegram received at  
the United office from President M.  
C. Leves, who is in New York City,  
the wire from Mr. Leves did not  
indicate whether the various com-  
panies will arrive together or  
whether they will come separately,  
but the details of the transfer will  
be announced by him upon his  
return to Los Angeles within two  
or three days.

It is expected that the general  
movement to the Coast of the  
Selznick forces will include Eugene  
Hammerstein, Eugene O'Brien and  
Owen Moore and a unit that will  
make balance-cast pictures.

Nazimova to Motor Home.  
Mrs. Nazimova and her hus-  
band, Charles Bryant, aren't going  
to depend on tireless old trailers  
for transportation back to Los An-  
geles, when they come home next  
summer following their sojourn in  
the East.

It has just been learned that  
the star has shipped her big touring  
car East, and the pair will enjoy  
the adventure of motoring all the  
way across the continent when they  
return West.

## TWO CONCERT SOLOISTS.

The musical program at Gra-  
man's Theater tomorrow will fea-  
ture two soloists of distinction.  
Armen Tokalian, tenor, and Adele  
Marshall, soprano, will be heard.  
The former is an Armenian tenor who  
was educated in Milan, where he  
made his operatic debut and where,  
as in others of the northern cap-  
itals of Italy, he accomplished suc-  
cess. He will sing the "Vesti  
in Ghibus" from Leoncavallo's  
"Pagliacci." Miss Marshall, who  
was recently heard with success  
at Grauman's concert and who has  
been re-engaged by request, will  
play Chopin's A Flat Polonaise.  
The orchestral numbers will in-  
clude selections from Massenet's  
"Thais," Chopin's C Minor Nocturne,  
Rubinstein's Romance, Marchetti's  
"Waltz Fanciful," and the Second  
Movement of the association, stated  
that a committee was named to  
take the matter up with property  
owners and ascertain their views  
regarding such an improvement.  
He stated that many of the prop-  
erty owners at the Hollywood end  
of the avenue are strongly in favor  
of the plan.

## WOMAN DIES AT DANCE.

While dancing at a dance given  
by the management of Bullock's  
store at Eighth street and Broad-  
way, late last evening, Mrs. Vir-  
ginia Elser, a well-known actress,  
was suddenly overtaken by a  
fatal attack of heart trouble. Dr.  
J. W. Kelly, physician at the store,  
was immediately called, and pro-  
nounced the woman dead, accord-  
ing to Detectives James and  
Trainer, who investigated. The  
dancers were unaware that any-  
thing serious was wrong until the  
arrival of the Coroner. The body  
of Mrs. Elser was removed to the  
Farrs & Co. undertaking establish-  
ment. Mrs. Elser was about 35  
years of age. She leaves two sis-  
ters, Mrs. Helen Bucher of 1833  
West Third-street, and Mrs.  
G. Pabling of 4617 West Seven-  
teenth avenue.

## FOR LIGHTING SYSTEM.

Plans for the installation of a  
uniform street-lighting system of  
the full length of Vermont  
avenue were laid out and a meet-  
ing of the Hollywood-Vermont  
Improvement Association in Los  
Falls school, George A. Green,  
president of the association, stated  
that a committee was named to  
take the matter up with property  
owners and ascertain their views  
regarding such an improvement.  
He stated that many of the prop-  
erty owners at the Hollywood end  
of the avenue are strongly in favor  
of the plan.

PORT INSURANCE  
CHECK HELD UP.

McKee Says He Wants to  
Investigate Matter.

Barges and Equipment at  
Harbor Protected.

Board Acts to End Overtime  
Payment System.

President McKee of the Board  
of Harbor Commissioners told his  
fellow commissioners at yester-  
day's meeting that he is withold-  
ing his signature to the check for  
\$12,111.70 payable to Edwin Sandi-  
son for premiums of \$241,273 in-  
surance on the city's barges and  
other floating assets, until the  
check is signed by the board at its  
meeting on January 10, last.

"I want to investigate this in-  
surance matter before I sign the  
check," said Mr. McKee. Com-  
missioners Richards and Kibele  
doubted the president's authority  
to withhold his signature to the  
check after the board had awarded  
the insurance, and Asst. City Atty.  
Leach said that Mr. Richards,  
Mr. Kibele and Secretary Wade  
could, under the city charter's  
provisions, sign the check, and this  
may be done, in case Mr. McKee  
refuses to sign.

## BID ALREADY ACCEPTED.

At the meeting of January 19,  
last, the bid of Mr. Sandison, who  
is an insurance broker in the Los  
Angeles Harbor district, was ac-  
cepted by the Harbor Board, legal  
in favor of accepting the bid. At

TWO MORE CAUGHT IN  
ASSERTED ROBBER NET.

SEVEN MEN AND TWO WOMEN  
CHARGED WITH SERIES  
OF HOLD-UPS.

With the arrest late yesterday of  
Graham Norton, a chauffeur, and  
Lynn C. Keith, also a chauffeur,  
the police have now in the City  
Jail seven men and two women  
who they say are implicated in sev-  
eral of the largest depredations and  
robberies of recent date. These rob-  
beries, the police say, include the  
robbery of a string of United Cigar  
Company stores and collectors for the  
Sam Seelig and Ralph Grocery  
companies. The loot taken in this  
amount to many thousands of dollars.

The other five men and two wom-  
en in the City Jail are: Ray Tap-  
Dench, chauffeur, arrested Thurs-  
day at Eighth and Olive streets;  
George Hale, Andrew Sneed and  
Russell W. Jeffries and "Babe"  
Sneed, alias "Babe" Jeffries, and  
Bernice Brog, Keith, Norton, Jef-  
fries and Miss Brog are held on  
suspicion of robbery. Dean, March  
and Hale are held on suspicion of  
grand larceny and Sneed and Miss  
Jeffries are held on suspicion of  
burglary.

Keith, who the detectives say  
was the member of the asserted  
robber gang, who customarily  
drove the large automobile used in  
the numerous robberies, was ar-  
rested at Ninth and Main streets  
by Detectives Raymond and Wood  
of the Theft Bureau of the Auto-  
mobile Club of Southern Califor-  
nia and Police Detective William  
Davidson, Sny and James Cline.  
Keith was also the man, the de-  
tectives declared, who sometimes  
carried the saved-of shotgun, fre-  
quently seen in the daring hold-  
ups. Norton was apprehended at  
213 San Marino street. With the  
arrest of two more men the de-  
tectives declare they will have com-  
pleted the round-up of the as-  
serted robbers.

## HIGH SCHOOL GIRL DIES.

The Rosierian funeral service  
will be conducted today at 11  
a.m. in the Pierce chapel for Miss  
Marjorie E. Taylor, 14 years of age,  
a Hollywood High School student  
who recently won highest art hon-  
ors in her class. The remains will  
be cremated at the Los Angeles  
Crematory. She was the daughter  
of Mr. and Mrs. Arthur E. Taylor  
of Chittenden street.

FRENCH CELEBRATE  
IN LITERARY FETE.

TRICENTENARY OF MOLIERE.  
RETURN OF PROVINCES  
REMEMBERED.

In honor of the tricentenary of  
Moliere and of the return of  
Alsace-Lorraine, a French literary  
fete was given at Polytechnic High  
School last night under the aus-  
pices of the local French colony  
and the Association of Professors  
of Modern Languages.

The first act of the great  
dramatist's "Misanthrope" was pre-  
sented by Pierre Robard in the  
role of Alceste and A. Benishimol  
as Philinte.

An interesting number on the  
program was a fencing bout where-  
in Albert Pollet won from I.  
Romanowski, 5 to 3, and proved  
himself to be a very classic fencer.  
This bout was followed by an ex-  
hibition of fencing between Arthur  
Saint Remie, instructor of the  
Union League Club, and his pupil,  
P. K. Wiseman.

Music was furnished by the or-  
chestra of the Polytechnic Evening  
High School, under the direction  
of Miss E. Gertrude Jones; Miss  
Frances Cole of the Hollywood  
High School played the piano, and  
William Hamer of the Franklin  
High School, sang.

"La Nuit d'October," master-  
piece of Alfred De Musset was in-  
terpreted by Miss Malvina Schry-  
machers and Pierre Robard.

Enthusiasm ran high with the  
presentation of the triumphal re-  
turn of Alsace-Lorraine, under  
the direction of L. J. Christopher,  
president of the Society of Al-  
saciens and Lorrains. Young  
men represented the following:  
France, Miss Alla Nesty, accom-  
panied by French officers and sol-  
diers; Strasbourg, Miss Lucienne  
Heller; Saverny, Miss Elsie Wil-  
son; Mulhouse, Miss Louise Mich-  
ell; Wissemburg, Miss Ruth  
Schelmann; Colmar, Marie-Ange  
Duquette; Schlettstadt, Miss Allen  
Armstrong; Metz, Miss Verget;  
Sarrebourg, Madeline Tournoux;  
Sarrebourg, Lilian Schutter, and  
Morschach, Belda Scherb.

Prof. Carlisle Wheeler,  
superintendent of modern languages in  
the public schools, delivered an  
address at 1 p.m. today for Lost

PUT SOFT  
PEDAL ON  
BIG HORN.

This is Order from Police  
to Lotharios and Truckers  
at Los Angeles Harbor.

No more may Percival driving  
up to Gladys's home in his little  
auto, toot his girl the usual "Ooh  
Hoo, C'mon out!" on his auto  
horn. Not if the girl lives in the  
Los Angeles Harbor district.

And no more may the horny-  
headed driver of trucks rasp out  
a cheerful "toot—toot—toot—toot!"  
on his screeching whistle to  
his fellow truck driver in pass-  
ing. Not at the harbor.

For police of the harbor divi-  
sion launched yesterday a cam-  
paign designed to bring home to  
all drivers of motor vehicles the  
fact that horns, bells and whistles  
on automobiles and trucks are  
there for but one purpose—to  
sound a warning.

Calling Sec. 3 of the State  
Motor Vehicle Act to their aid,  
the police will round up all  
materials who employ these noise-  
producing instruments for any  
other purpose than to warn.

The campaign grew out of  
complaints from residents of the  
harbor district, who assert their  
sleep is disturbed at night by the  
blatant honking of horns on auto-  
mobiles of Los Anheles. Other  
complaints from the business sec-  
tion of the district declare that  
drivers of passenger buses and  
big lumber trucks make it nearly  
impossible for stenographers and  
others to work. It is charged that  
they operate loud-sounding whis-  
tles continuously and unreason-  
ably through the business streets.

Fashionable Guests to be Nurses' Mistake With Heater  
Asked to Judge. Cost Five Lives.

(LOCAL CORRESPONDENCE.)  
PASADENA, Feb. 24.—Something new for the entertainment of the winter colony has been evolved. It is the first annual Chambermaids' Field Day and it will be held on the front lawn of the Hotel Huntington next Wednesday afternoon, March 1.

The feature of the field day will be a chambermaid bed-making contest in which teams of chambermaids from the Huntington, Maryland, Green, Vista del Arroyo and Raymond, all large resort hotels here, will compete. Handsome prizes will be awarded the winners.

Guests from the Huntington and other hotels will form the spectators' gallery at the field day and the judges will be selected from among them. Fred M. Crosby, manager of the Huntington, is the promoter of the field day. He has suggested that the competing chambermaids be selected by preliminary contest at the individual hotels.

If the chambermaids' field meet is a success, waitresses' and bell-boys' meets will be held at later dates.

**NEW DIRECTOR NAMED.**  
Frank H. Macpherson of Detroit and Pasadena, has been elected director of the First National Bank of Pasadena, to fill the vacancy on the board caused by the death of E. B. Elin. Mr. Macpherson is the head of large business interests in Detroit until he came to Pasadena to make his home. He was formerly a director of the First National Bank of Detroit and the Central Savings Bank of that city.

Provision for the opening of four streets instead of one, as originally planned, for that purpose to be voted at the spring election, has been decided by the municipal board of directors. The contemplated improvements are extensions of cross-town streets not now cut through. The streets involved are Green, Union, Holly and Walnut. The purchase of land for the extensions will cost \$1,000,000. This will be included in the bond budget. The actual cost of the improvements will be borne by assessments on the districts to be improved.

**OVERCOME BY GAS.**  
Ethel Hall, 9-year-old girl residing with her parents at 1014 North El Molino avenue, is recovering from the effects of gas asphyxiation. She was overcome by gas fumes from a small heater while bathing in a tightly shut bathroom. Her mother discovered her. The child was revived by Dr. F. W. Hodgdon, who says she will recover.

The body being found in a rooming house owned by Mrs. W. R. Walton of Fort Worth, Tex., mother-in-law of the deceased. As the death of her husband, Lieut. Walton, in a flying accident, near Rantoul, Ill., last December, Mrs. Walton resented to Fort Worth. **SEEK FOUR CHINESE.**

Police After Men Suspected in Murder Plot.  
Police of Bakersfield, Fresno and Santa Barbara were notified by local authorities late yesterday to be on the lookout for an automobile in which four Chinese, Wong Chuck, Harry Jin, Won Sik and Jim Won, were alleged to be. Lim Kee, a local Chinaman, was supposed to be fleeing. Lim Kee was shot down in Chinatown here Wednesday. Detectives Sergio Verry, Thompson and Trainor were detailed to investigate. Yesterday afternoon Detective Thompson had a warrant issued for the four above-named Chinese charging them with the murder of Lim Kee.

Due to the usual secretiveness of the inhabitants of Chinatown, the detectives were unable to obtain much information concerning the shooting from members of the Lim family, of which Lim Kee was a member. However, they received information, they said, which led them to believe that the wanted man have left the city. Lim Kee died at the Pacific Hospital Thursday afternoon.

## Ship Captain's Liquor Illegal, Avers Official.

Capt. H. F. Bakman of the Steamship Henry S. Groves was held under \$2000 bond yesterday by U. S. Commissioner Long on a charge of importing liquor. It was the first time since the enactment of the Prohibition Amendment that the commander of a ship from a foreign port had been held by Commissioner Long.

Capt. Bakman was arrested for having twelve cases of fine liquor on board the Henry S. Groves when she was lying in Los Angeles Harbor. The liquor had been obtained in the Canal Zone.

The contention of the defense was that Capt. Bakman was occupying the ship as his home and thus was authorized under law to have the liquor in his possession. The Commissioner, however, did not think the ship was home within the meaning of the law, and that the quantity of liquor was a bit large for the personal use of the captain.

## RYCKMAN IS WINNER.

Memories of Film Man's Conviction Awakened by Suit.

A memory of the prosecution of Robert Goldstein, who was convicted in the Federal court of presenting the asserted pro-German motion picture, "The Spirit of '76," and sent to the McNeil Island penitentiary by U. S. Dist. Judge Bledsoe for fifteen years, was awakened in a decision of the State Supreme Court yesterday.

The style of the action was J. H. Ryckman against the Fox Film Company. It seems that when Mr. Ryckman was engaged to defend Goldstein the latter gave him a check for \$750, drawn by the defendant, payable to the Goldstein corporation. Goldstein endorsed the check and Mr. Ryckman used the money to pay a number of the bills owed by his client and retained the balance for his professional services. The defendant then stopped payment on the check. The lower court found for Mr. Ryckman and this judgment was affirmed by the higher court. Among the defenses of the Fox Film Company, was that the amount really due Goldstein was \$100,000, but that the check had been made out for the larger amount through a mistake.

## PRISONER WOULD AID FRIENDS.

Asks to Stay in Jail Here Till Suit of Companions is Disposed Of.

Indications that Eddie O'Brien, said to have a score of aliases, who was indicted by the Federal grand jury at Toledo, with others on the charge of being implicated in the hold-up of a mail truck in that city, Feb. 17, 1921, hopes to be of assistance to Everett Lewis and his wife, Lillian, taken into custody in this city, and held for a preliminary examination before U. S. Commissioner Long on March 6, were given yesterday.

When O'Brien was brought before U. S. District Judge Bledsoe in his chambers yesterday to arrange for his transportation back to Ohio to answer the pending charge, he asked through his attorney that he be allowed to remain here until after the examination of Lewis and his wife. His wishes were acceded to, and his execution was stayed until March 6, when the Lewis case will be disposed of.

According to statements of the postoffice inspectors O'Brien made his home with the Lewis family for months before his capture here. The complaint against Lewis and his wife is that they were among the conspirators engaged in the Toledo hold-up, although they are not mentioned in the indictment to which O'Brien must answer. The bond of O'Brien was fixed at \$100,000 and those of Lewis and his wife at \$50,000 each. It is said that about \$1,000,000 was secured by the thieves in the Toledo job.

## EGGS BANDITS' LOOT.

Register, Cigarettes, Cash Also Part of Heist in Theft.

Seventeen dozen eggs, three pounds of butter, half a dozen packages of cigarettes, \$50 in cash, a small automobile, and two youths formed the object of a search by police detectives last night.

Shortly before 7:30 o'clock the youths called at the grocery of J. Iacovits at 630 Agatha street and asked to purchase groceries. As they stepped inside one of the pair thrust a revolver against the storekeeper while the other tied his hands with a leather strap. Then, placing Mr. Iacovits upon his stomach on the floor the bandits ransacked the shelves and till. They stepped outside and called to his feet and called the police.

## Well Nourished Boys Radiate Attraction

What Thin Frail People Need to Build Firm and Restore the Charm of Youth Is a Course of Tanlac

THERE is a certain irresistible attraction about a well-nourished form, full cheeks and the coloring that tells of boundless health and energy. It attracts the healthy because of their instinctive desire to associate with others having like vigor to their own, and it attracts the weak because the more one needs health, the more evidences of its possession by others appeals to them.

Oh, the heartache, the disappointments and the bitterness that are the lot of the under-nourished, thin, emaciated, angular men and women. Not only have they usually lost most of their physical attraction, but too often their minds have also become embittered, and warped so that they are not desired as companions by normally healthy and cheerful people. They look out on life through dark spectacles missing the thousand joys that crowd each moment for the more fortunate ones. And if only they knew it, their whole trouble is starvation—just simply starvation of their bodies and brains, often in the midst of plenty.

In such cases Tanlac has time and again demonstrated its true worth. No other medicine has ever been so universally proclaimed and endorsed by people in all walks of life. It quickly tones up the whole digestive system so that it is ready and eager to again perform its important duty of supplying energy and building material to the whole body. You should be hungry nearly all the time. The thought of food should be in your mind at any time except right after a hearty meal. If your appetite isn't that good, then it isn't as it should be, and you are not as healthy or as vigorous as nature intended.

sons who die from disease would not even sick had they prepared to meet the Tanlac. Tanlac is the great remedy for all ailments of the digestive system. It will cure all ailments of the digestive system. It will cure all ailments of the digestive system. It will cure all ailments of the digestive system.

# Will the Soldiers Get A Bonus?

To the jobless ex-fighter who needs the cash, to the Congressman who needs votes in November, to the taxpayer who must eventually foot the bill, the question whether a bonus shall be paid to our soldiers of the great war and how the money is to be raised to pay it, is of increasing interest.

To raise the money to pay a bonus various new taxes are suggested. The idea of legalizing and taxing the sale of light wines and beers won the enthusiastic advocacy of the New York World. The National Grange comes out for an excess profits tax. Some Congressmen suggest that taxation may be avoided by paying a tax out of the savings realized by reductions in the Navy and in Army and Navy personnel.

Why tax anybody, asks Arthur Brisbane in the New York American, "why not simply print the currency and pay the soldiers with perfectly good money manufactured by the Government at the cost of paper and printing, without taxing anyone or disturbing any business?"

The Daily News, New York, defends the bonus as "simple justice to the nation's defenders" and "an investment in good-will." The financial objections do not greatly impress the Seattle Times, which "ventures the modest prediction that bonus legislation will be enacted at this session and that money will be found with which to finance the payment to former service men."

But the opposition to the bonus is being vigorously voiced by such widely scattered dailies as the New Haven Journal Courier, Newark News, Syracuse Herald, Buffalo Commercial, Philadelphia Inquirer, Dallas News, and Louisville Courier Journal, not to mention the truck loads of letters and telegrams being sent to the Capitol and the White House.

The leading article in THE LITERARY DIGEST this week presents all the arguments current for and against the bonus, and the various methods that have been suggested to finance it.
